WHITE PAPER

A crash course for lawyers and investors

Also, the rush of a deadline may cause a developer get careless and introduce bugs in the software. One very common type is a copy/paste bug—something lawyers might relate to. Software developers, like lawyers engage in a lot of reuse. Picture a lawyer copying a few paragraphs from one contract to another. In the first contract, a party might have been referred to as "Customer"

Synopsys provides integrated solutions that transform the way you build and deliver software, accelerating innovation while addressing business risk. With Synopsys, your developers can secure code as fast as they write it. Your development and DevSecOps teams can automate testing within development pipelines without compromising velocity. And your security teams can proactively manage risk and focus remediation efforts on what matters most to your organization. Our unmatched expertise helps you plan and execute any security initiative. Only Synopsys offers everything you need to build trust in your software.
